

# Predestination vs. Freewill

What is predestination?

1. God has foreknowledge of all that will happen; all humans sin and deserve only condemnation, but God has pre-ordained, at the beginning of time, who it is that He will graciously save. We, of course, cannot understand why some are saved and others not.  
-John Calvin
2. What is free will?
3. What does the Bible say? (Romans 9:8-24)
4. The Bible uses the word for predestination or election 219 times in the new testament.
5. It never uses free will.
